***All webinars will be 12:30-2:00 Pacific time unless otherwise indicated**

After completing the webinar series, learners will be able to:

1. Assess common geriatric conditions among older adults from ethnically diverse populations more appropriately;
2. Communicate strategies for managing chronic conditions with older patients with limited English proficiency or limited health literacy more effectively;
3. Recognize and treat stress related health conditions of family caregivers of elders from diverse populations and refer them to appropriate resources for their support and assistance.

Without Continuing Education Credits: NO COST

With 1.5 CME for medicine or psychology, 1.5 CEU units for nursing, or

1.5 CE credits for marriage and family therapy or clinical social work: \$25 for each webinar
